In a very short time the price of Tickets will be considerably advanced, in the mean time the rate will be continued as follows:

J. I. COHEN, Jr.
Sec'y to the Managers...Baltimore.

Bank Bills of the States of Virginia, North Carolina, South Carolina, Georgia, Louisiana, District of Columbia, United States' Bank and Branches, and of all specie paying Banks in Pennsylvania, New York and Maryland will be received *at par* in payment for Tickets or Shares in the Washington Monument Lottery.

As the drawing of the Monument Lottery will commence on the 22nd inst. the next Register therefore will contain the Managers' Official list of the *first day's drawing*, both blanks and prizes. During the whole course of the Lottery we shall be particular in having the Register well packed and forwarded by the first mail after each drawing. Should any of our customers fail in receiving any drawing, by informing us of it, a duplicate will be immediately sent on.

Summary of Domestic Intelligence.

Three men who were arrested for passing counterfeit money, and forged checks on the U. States Branch Bank, at Savannah, (Geo.) in December last, have broke jail and escaped. They cut away one of the iron bars and part of the sill of the window—it appears that they had an accomplice on the outside, who furnished them with an augur and a chisel—the handle of the former was cut short to get it through the grates. They were pursued, and two of them taken about forty miles from the city.

The whole amount collected for the benefit of the Orphan Asylum, it is calculated, will amount to about *Forty Thousand Dollars*. Mr. Canning the British Minister, at Washington, has liberally subscribed \$100 to aid the Institution. The proceeds of the collection in the Episcopal Church at Lancaster, amounted to about \$300.

Orders have been given by the Navy Department to fit for sea immediately, the frigate Macedonian, now lying at Boston. Her destination is supposed to be the West-Indies. The nominal title of commodore will not hereafter be recognized by the Secretary of the Navy, until the same be established by law, as the use of it has been productive of some inconvenience.

Florida.—The Spanish officers expelled by Gen. Jackson, have resigned their commissions, and returned again to Pensacola, for the purpose of settling their business. The acting Governor insists, on considering them as *officers*, and has caused them to be confined to their quarters.

A Postscript to the Washington City Gazette of Friday evening says—"We learn, from undoubted authority, that the United States' sch. Porpoise, Lieutenant Ramage, has effected a landing at Cape Antonio, and captured *four* piratical vessels, one of them a large privateer completely equipped for a cruise—landed with 40 men—fought them on shore, and took four prisoners; the rest made their escape in the woods. Captain Ramage did not loose a man; he burnt all their huts and tools for ship building at the Cape; the pirates, the day before, took a Boston brig, and, after robbing her, beat the crew unmercifully."

The Buenos Ayrean brig of war Independencia, Com. CHAYTOR, has put into Charleston for provisions and water. The report some time since published, that Com. Chaytor had captured a piratical vessel and hung the crew, is declared by the Charleston papers to be incorrect.

Foreign Ministers.—The ministers of France, Russia, Great Britain, Spain, and Sweden, are at present at Washington. These include all the representatives of European powers to the United States, with the exception of Denmark, whose ambassador resides in Philadelphia.

An inexhaustible bed of Gypsum, or Plaster of Paris, says the Cleveland paper, of the first quality, has been discovered on the United States' land on the margin of Sandusky Bay.

Summary of Foreign Intelligence

Received by late arrivals at New York, bringing London dates to the 4th of January.

The British Parliament was to have assembled on the 5th February; and the session to be opened by the king in person. Extensive preparations were making for this event.

A cask of gold, in American, British and Portuguese coin, worth upwards of eleven thousand pounds, was saved from the wreck of the American brig Elizabeth, and placed in the custody of the Rector of Wallasey, by whom it has been given up to the agent of a respectable house in London, the owners thereof.

The Cork Chronicle states, that the Caledonia from Lima, arrived at that port, has brought 300,000 dollars, exclusive of several bars of silver, for account of Lord Cochrane. A vessel arrived at Plymouth lately, and landed a quantity of silver, estimated at 100,000*l.* sterling, belonging to the same person.

Trade of Scotland.—The Glasgow Chronicle of the 31st Dec. speaking of the trade of that country, observes, "we have to present a gratifying view of our commerce with the United States." Its extent is probably more considerable than our readers imagine. The exports from Scotland of manufactured goods to various parts of the Union will this year amount to about two millions sterling. The editor adds, "a trade so important it behoves us to cherish with all possible care; and it is pleasing to think that customers so valuable are *free* people."

Letters by the mail from Turkey, of the 26th Nov. confirm the intelligence of great excesses having been committed in Constantinople, which in several instances, ended in the murder of Christians. These excesses are ascribed entirely to the sailors landed from the Turkish fleet, which arrived from the Archipelago. They brought 30 Greek vessels in as prizes, and on their passing Seraglio Point, these barbarians hung each to the yard arm, three or four Greeks, as trophies of victory.

The Bank.—A further reduction takes place this week in this establishment; a number of the senior clerks having made up their accounts, will retire upon half pay.

Prices at Liverpool, Jan. 2.—Cotton, New Orleans, 8*1/2*d a 12*1/2*d; Tennessee and Alabama, 7*1/2*d a 9d; Upland and Carolina, 7*1/2*d a 10*1/2*d; Sea Islands, very fine, 1s 8d a 2s 2d; middling and good, 13d a 15d; stained and ordinary, 9d a 12d.

Ashes.—New York and Boston pot, 39s 6d a 40s 6d; pearl 42s 6d a 45s; Montreal pot, 33s 3*1/2*s; pearl, 34s a 38s 6d.

Congress of the United States.

On Tuesday last, Mr. Colden, of New York, presented to the House of Representatives of the United States, a Memorial from the "American Convention for promoting the Abolition of Slavery, and improving the condition of the African race," praying Congress to prohibit involuntary servitude in the newly acquired territories of Florida; which was referred to the committee of the whole to whom is referred the bill for the government of said territory.

On Wednesday the Senate had under discussion the bill to confirm the title of the Marquis of Maison Rouge to a tract of country (thirty square miles) west of the Mississippi on the Washita, which he held under a Spanish grant.

In the House of Representatives, after several ineffectual attempts to change the ratio of Representation from 40,000, the Apportionment Bill was passed and sent to the Senate for concurrence—Ayes 100—Nays 58.

On Thursday night about 12 o'clock, as the Union Coach line was coming to the city from New York, the foot-board suddenly gave way, when the driver and an outside passenger were precipitated to the ground, and the horses went on. The inside passengers, (seven in number) being mostly asleep, did not miss the driver and his companion until they had got into the heart of the city. It being a close coach there was no possibility of escaping but by the side door. This they succeeded in opening and jumped out in succession, every one of them receiving more or less injury: one very seriously. The horses continued their pace, and did not stop until they reached Gloucester Point, where the road terminates. Although the coach did not upset, it was entirely ruined, by running foul of trees, fences, &c.—*Philad. paper.*

A report has gone the rounds of the news-papers, that General IZARD has been nominated by the President to the Senate, for the office of Governor of Florida. This is not only not true, but General Izard has not in any quarter, been spoken of as a candidate for the office.—*Nat. Intel.*

The Messrs. Barings of London, have several extensive engagements on hand. These two gentlemen married the daughters of the late Mr. Birmingham, whose estate was said to be worth five million of dollars. They were immensely rich prior to their marriage, and one of their first speculations was the purchase of the debt the United States owed France for Louisiana. This debt amounted to eleven and a half millions of dollars, and by this purchase it is said they made 1,300,000 dollars *clear profit!!* One of the firm, Alexander Baring, has lately purchased the noble mansion and domains of the Hon. Mr. Petre, in Norfolk, Eng. it is said for 1,333,000 dollars.

Agricultural Pun.—A Farmer in the neighborhood of Doncaster, was lately met by his landlord who accosted him thus:—"John, I intend to raise your rent; to which John replied, "Sir, I'm very much obliged to you, for I cannot *raise* it myself."

Sec'y to the Managers, Baltimore.

Baltimore, Feb. 13. 1822.

Important to Adventurers.

For the satisfaction of adventurers in every part of the Union, the Managers have determined to publish in this paper, the official lists of each drawing of the Washington Monument Lottery, and which will include the numbers both of the Blanks and the Prizes, as well as the situation of the scheme from time to time. This will be a two-fold advantage to the distant adventurer, because the holder of a small prize will be thereby informed of it, and will enable him to send it on immediately for renewal; while on the other hand, the adventurer whose number may draw a blank will also be notified of it, and can if he thinks proper make a new investment, should the state of the wheel at that time justify it.
